Assembly time

1h30

Number of people required

2

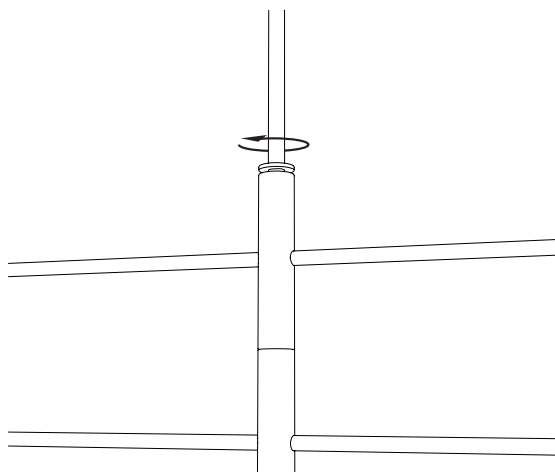

1

Chandelier set up is done on the ground, after putting it off from its transport box.

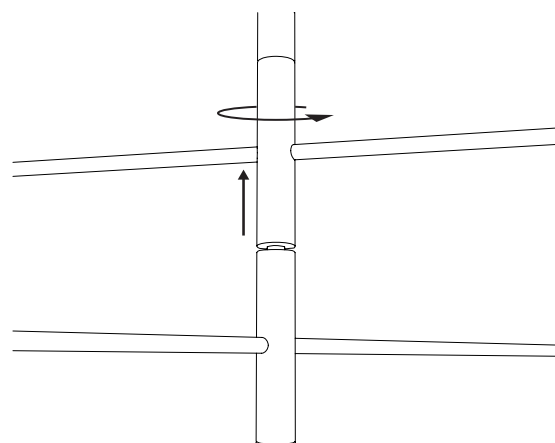

The arm (1), the lowest of the chandelier, is fixed and therefore, should not be rotated.

2

Untighten the ring slightly.

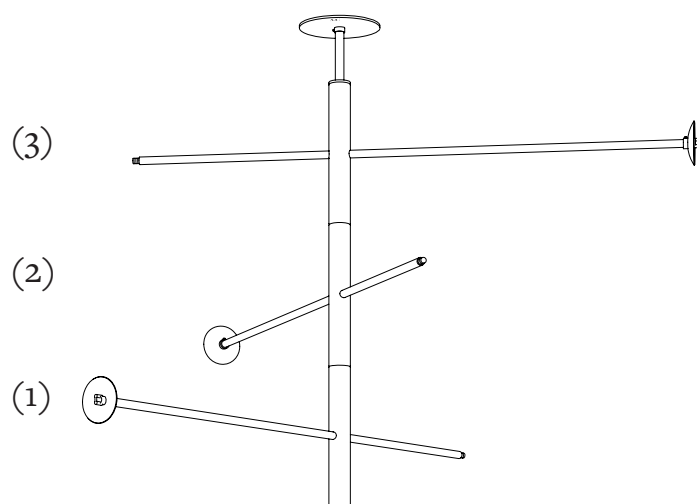

3

Starting with the arm (2), spread the block and rotate until placement.

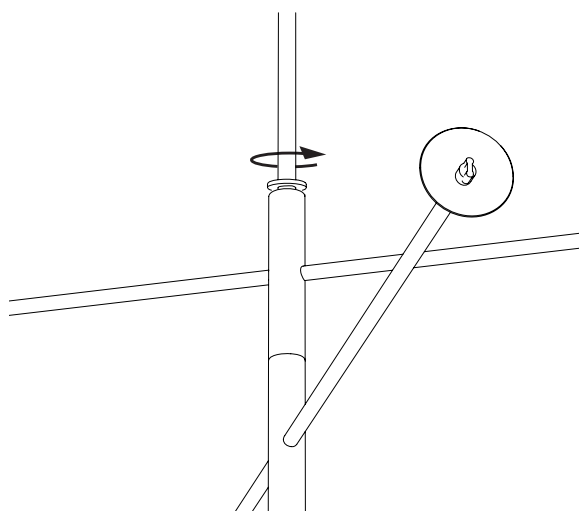

Do not force, arms (2) and (3) need to be rotated 120 degrees only in the same sense.

4

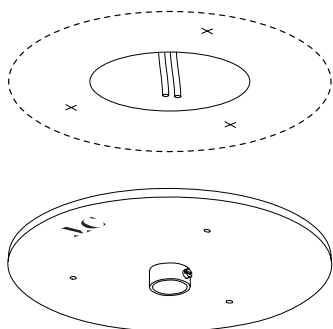

Continue to arm (3).

5

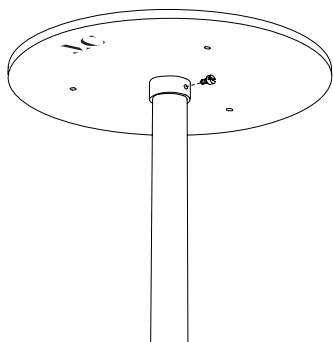

Tighten the ring back.

6

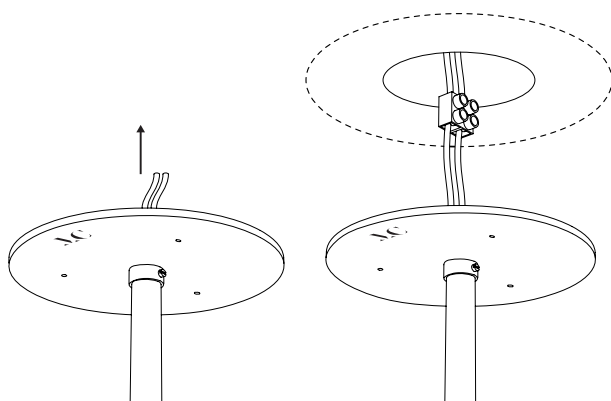

With a pen, draw guidelines on the ceiling thanks to the plate.

7

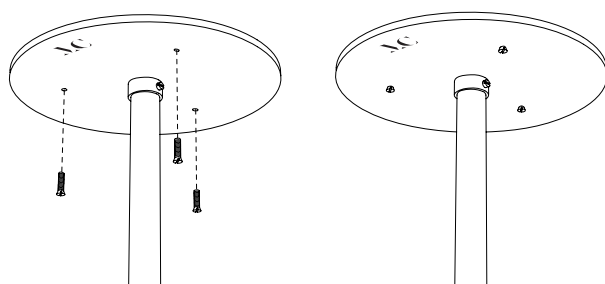

Screw the tube to the plate.

8

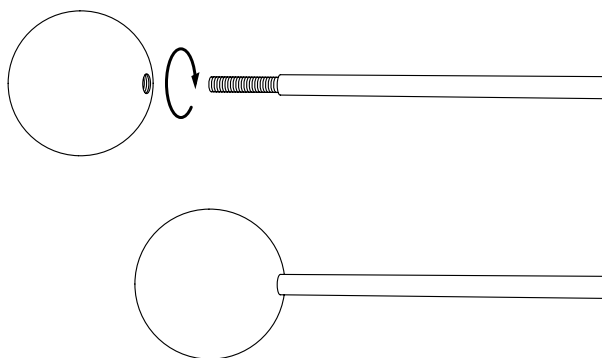

Connect the wires to the mains.

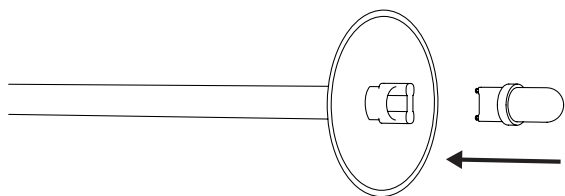

9

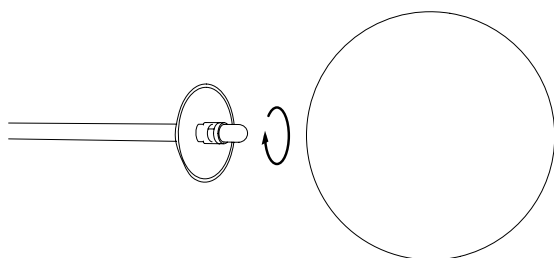

Fix the plate to the ceiling with dowels.

The brass spheres are screwed to threaded tubes.

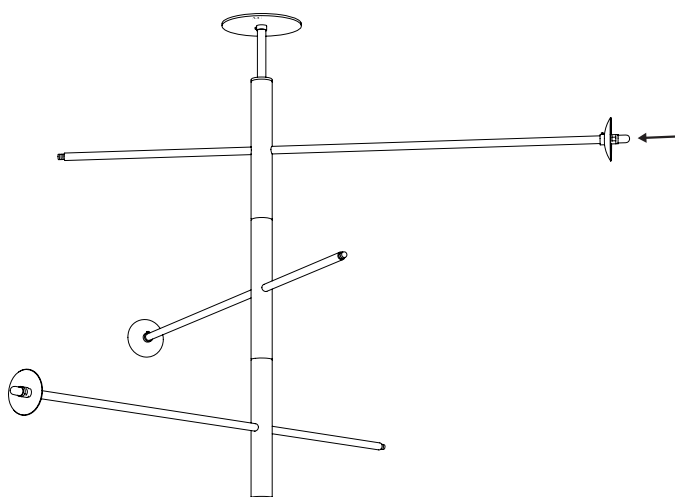

For the light sources, insert the light source into the base.

Screw the glass globe up to the resistor. Beware ! Do not tighten stronger than natural resistance.

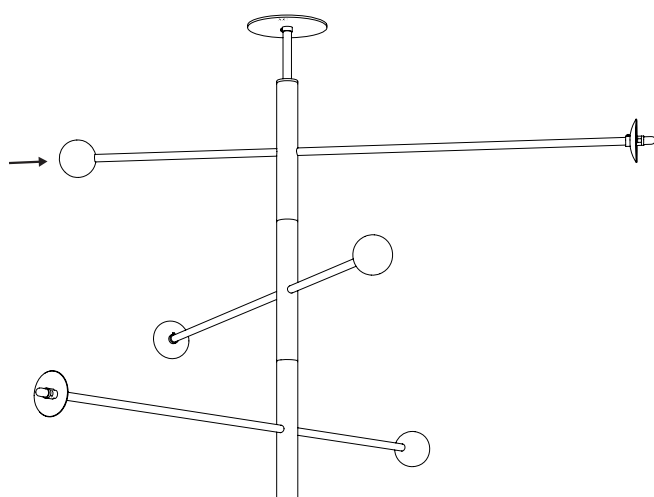

10

Install bulbs from bottom to top.

11

Screw brass spheres from bottom to top.

12

Screw glass spheres from bottom
to top.
