Assembly time

2h30

Number of people required

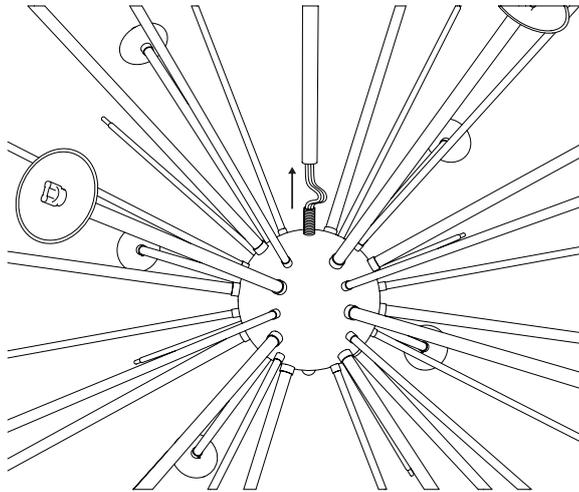

2

1

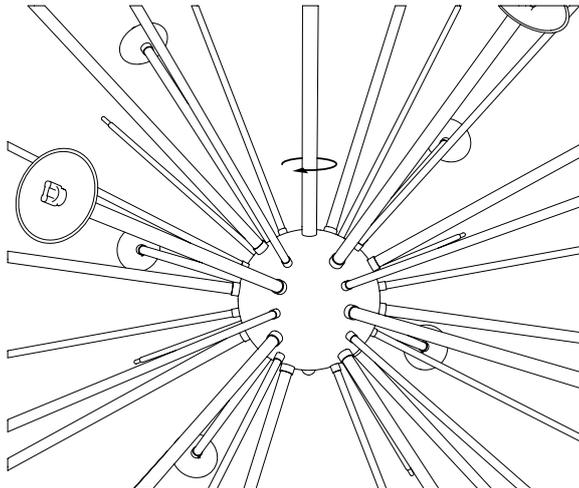

After removing all the walls of the transport box, unscrew the transport screw.

2

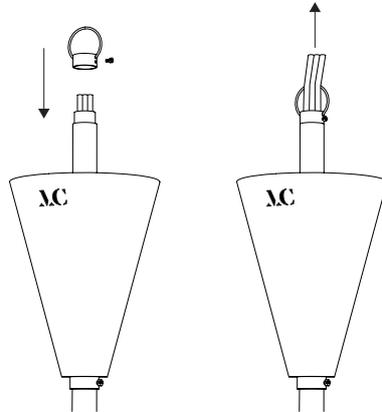

Insert the wire in the tube.

3

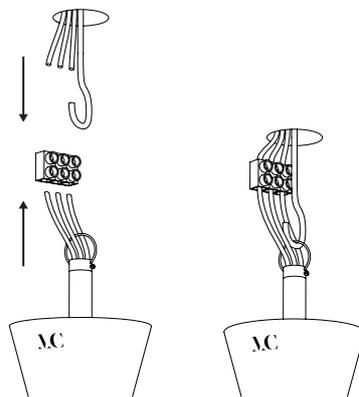

Screw the tube back.

4

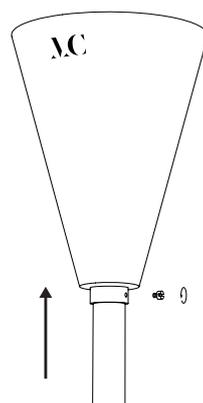

Unscrew the hook and insert the wires before screw it back.

5

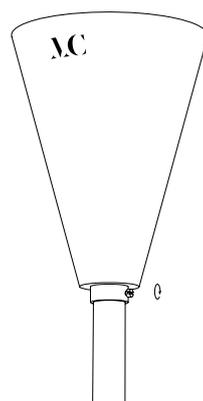

Connect the wires to the mains after setting up the hook.

6

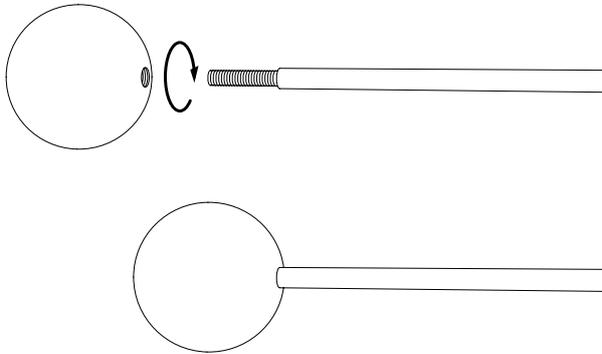

Pull up the thread guard after unscrewing the ring's screw.

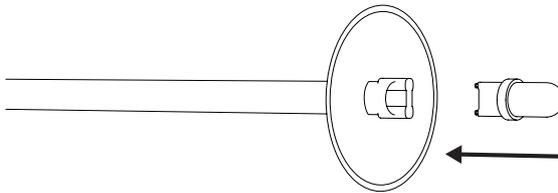

7

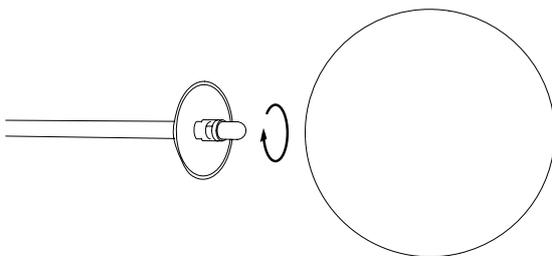

Once settled, screw it back.

The brass spheres need to be screwed to threaded tubes.

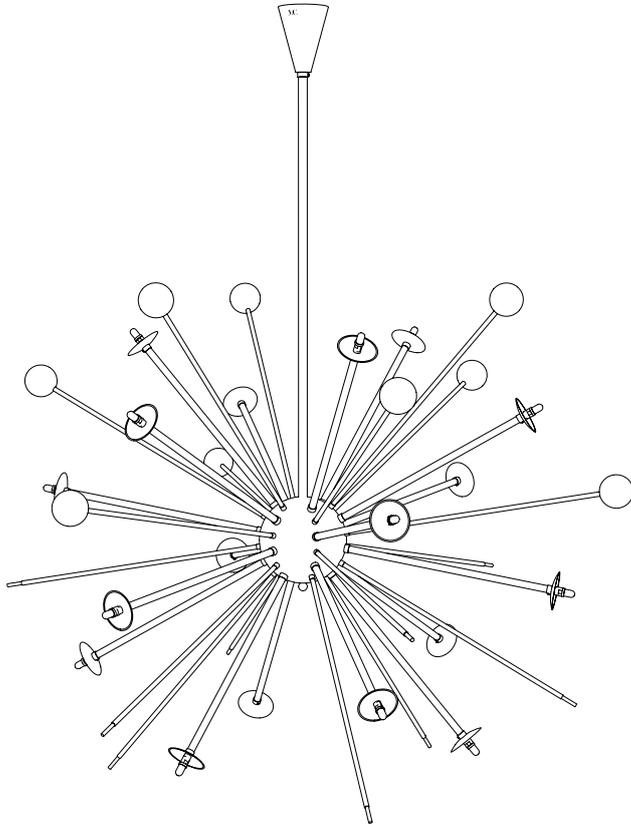

Insert the light source into the base.

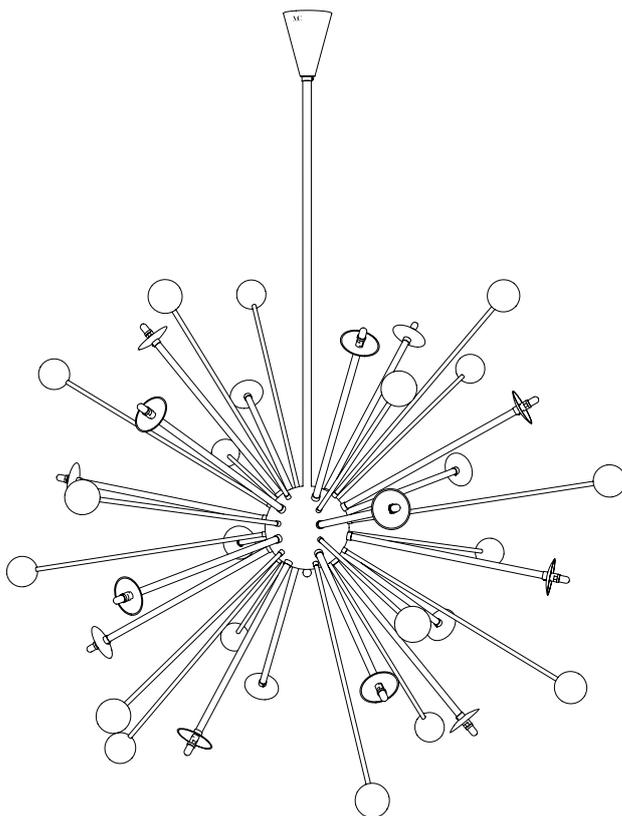

Screw the glass globe up to the resistor.
Beware ! Do not tighten stronger than natural resistance.

8

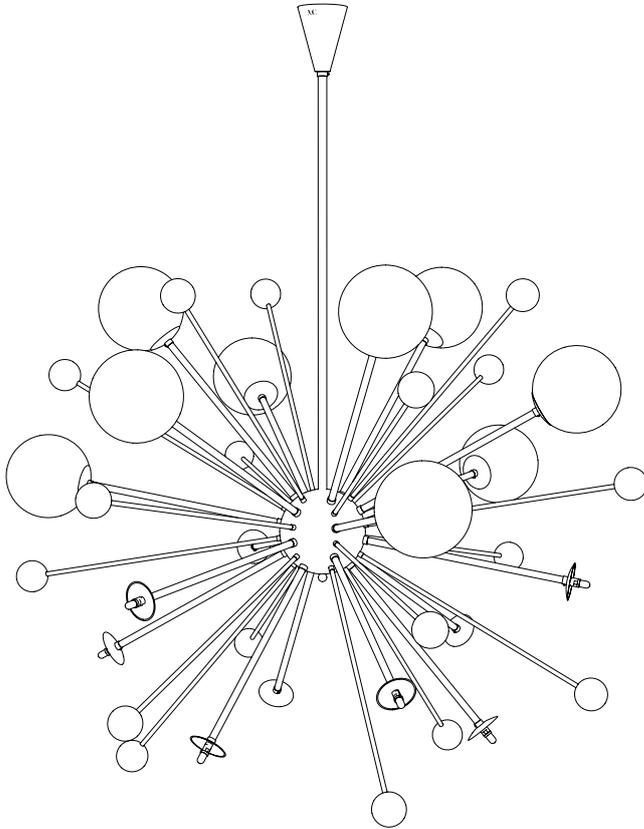

Install brass spheres on the upper part of the chandelier.

9

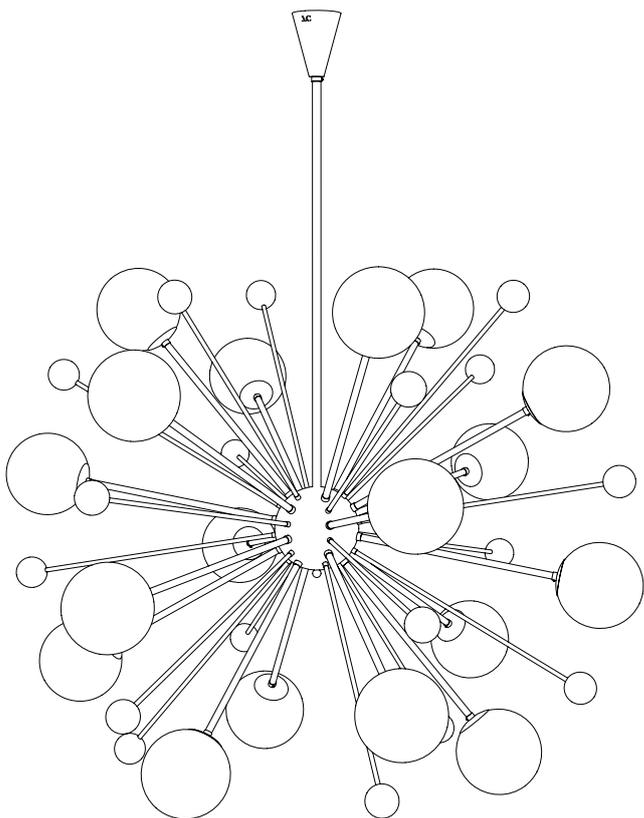

Install brass spheres on the lower part of the chandelier.

10

Install bulbs and glass spheres on the upper part of the chandelier.

11

Install bulbs and glass spheres on the lower part of the chandelier.
